Dear Editor,

We are pleased to submit the revised version of our manuscript

ESPS Manuscript NO: 14835-R1

entitled "Cardiac magnetic resonance in clinical cardiology".

We are most grateful for the time and efforts that you and the reviewers took in reviewing our work. We have carefully addressed each of editorials' comments (there were no reviewers' comments to be addressed) and according to these comments we have made several changes that have contributed to improve our manuscript.

We hope that this revised version of our manuscript will be to your satisfaction and we are open to any further additional suggestions.

The paper has not been published and is not being considered for publication elsewhere.

We thank you for your kind consideration and we are looking forward to your final editorial decision.

Sincerely yours,
