To whom it may concern,

I would like to confirm that the ethical issues of the research project proposal entitled "The Impact of IL28B polymorphisms on Virological Response to Pegylated Interferon and Ribavirin in Iranian Patients with Hepatitis C" (ID: IBTO153645254B) has been reviewed and approved by the Ethics Committee of Iranian Blood Transfusion Organization.

Sincerely Yours,

Prof. Gharib Karimi  
Deputy of Research and Education  
Iranian Blood Transfusion Organization
