Report: "CICUAL"-01/20-05-2014

The Internal Animals Care and Use Committee (IACUC) of Superior Medicine School, National Polytechnic Institute; constituted by Carlos Vera Arzave, PhD; Eleazar Lara Padilla, PhD; Joel Lomeli González, PhD; Angel Ivan Orlando Rubio Gayosso, PhD; and Pedro Lopez Sanchez, PhD; in session celebrated on May 20 2014, they declare to have evaluated the protocol No. ESM.CICUAL-01/20-05-2014 "**Protective effect of *Geranium schiedeanum* of ethanol damage in hepatic regeneration**". Presented by **José Antonio Morales González PhD**.

For evaluation the CICUAL commission reviewed the following precedents: logic with the use of substances, inoculations, housing and care, number of animals, species, strain, origin and human endpoint. After the above mentioned analysis the following opinion was issued:

**ACCEPTED**

- 1.-Protocol No. ESM-CICUAL-01/25-04-2014. Version 1.0, dated April, 2014.
2. Protocol No. ESM-CICUAL-01/20-05-2014. Version 2.0, dated May, 2014.
