Report: "CI"-01/07-08-2014

The Research Committee of Superior Medicine School, National Polytechnic Institute; constituted by Eleazar Lara Padilla, PhD; Juan Asbun Bojalil, PhD; Guadalupe Cleve Villanueva López, PhD; Liliana Anguiano Robledo, PhD; Ramón Mauricio Coral Vázquez, PhD; Miguel Ángel García, PhD; and Ofir Picazo Picazo, PhD; in session celebrated on August 07 2014, they declare to have evaluated the protocol No. ESM.CI-01/07-08-2014: "Protective effect *Geranium schiedeanum* of ethanol damage in hepatic regeneration". Presented by **José Antonio Morales González PhD.**

For evaluation the investigation commission reviewed the following precedents: title, scientific precedent, problem exposition, aims, hypothesis, work program, congruity, originality, transparency, ethical aspects, type of investigation and subsidiary aspects. After the above mentioned analysis the following opinion was issued.

**ACCEPTED**

- 1.- Protocol No. ESM-CI-01/24-06-2014. Versión 1.0, Dated June, 2014.
- 2.- Protocol No. ESM-CI-01/07-08-2014. Versión 2.0, Dated August, 2014.

SINCERELY

  
**Eleazar Lara Padilla, PhD.**

Chairman of the Committee.
