

Notice of Board Approval

The following referenced human-subjects research project has been **REVIEWED** and **APPROVED** by the Teine-Keijinkai Hospital Institutional Review Board for conduction and submission of the study.

Author: Akiko Tomonari, Center for Gastroenterology

Research Title: Resected tumor seeding to stomach wall due to EUS-FNA of pancreatic adenocarcinoma

- IRB waives the necessity of a written informed consent form from the patient, as a verbal consent was obtained, and written informed consent was not obtainable due to the patient's condition.
- Because no written informed consent form was obtainable from the subject, IRB requests extra care in maintaining the anonymity of the subject.
