

## ANSWER REVIEWERS

March 15, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 16400-review.doc).

**Title:** Studies on the mechanism of QHF-cispiatin against HCC in mouse model

**Author:** Tao Chen , Shen-Jun Yuan, Jing Wang, Wei Hu

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 16400

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) I'll dicate abbreviations used in abstract when I make an audio file describing my final core tip;

(2) The tumor weight was significantly lower in the QHF, DDP and QHF plus DDP groups than in the model control group; the differences being statistically significant ( $P < 0.01$ );

(3) This paper mainly studies the impact of traditional Chinese medicine QHF formula on HGF/c-Met signaling pathway, and QHF formula on whether the regulation of VEGF has a direct effect, we will further study.

3 References and typesetting were corrected

Thank vou again for publishing our manuscript in the *World Journal of Gastroenterology*.

A handwritten signature in black ink that reads 'Tao Chen'.

A second handwritten signature in black ink that reads 'Tao Chen'.
