

Turku, May 25th, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name 16871-Edited-2.docx).

Title: **Advanced Pancreatic Cancer- How to Choose an Adequate Treatment Option**

Author: **Eija A Korkeila, M.D, Ph.D.**

Name of Journal: **World Journal of Gastroenterology**

ESPS Manuscript NO:16871

The manuscript has been improved according to the suggestions of reviewers:

- 1: **COI** added, also enclosed signed and in PDF in a separate file
2. **Abstract:** references omitted. Unnecessary empty space omitted, line 5
3. 9. Core tip. 'Metastatic' added to the text, as follows
The prognosis of pancreatic metastatic adenocarcinoma is poor. Chemotherapy is palliative at best.
4. The manuscript margins checked and corrected
5. A sentence added to chapter **How to choose? What about second line?** on line 1 as follows
What is comforting enough, we now have choices for treatment. Phase III trials showing survival benefit of combined treatment are displayed in **Table 1**.
6. **References:**
 - a) Reference 1 corrected
 - b) unnecessary punctuations and/or extra spaces omitted (ref 6, 7, 8, 9, 18, 20, 29 and 31), parentheses added to ref. 27
 - c) all references also checked and corrected as for their font type and colour.
7. **Table 1** added
8. Core tip added in audio in a separate file
9. Core tip. 'Metastatic' added to the text, as follows

The prognosis of pancreatic metastatic adenocarcinoma is poor. Chemotherapy is palliative at best.

Thank you for publishing this editorial in the World Journal of Gastroenterology

25-May-2015
Sincerely yours,

Eija A Korkeila, MD,
