To Whom it May Concern

This is to certify that the editorial with the provisional title:

MERS-CoV: Is it worth a world panic?.

To be submitted by:

Professor Ahmed S. Abdel-Moneim.

Has been edited by a native English-speaking proof reader for spelling, grammar, style and formatting. The editorial has also been reviewed by a qualified scientific editor for clarity of expression and argument. Neither the research content nor the authors' intentions were altered in any way by the editing process. The quality of English language in this paper is affirmed, provided our editor's changes are accepted and any further substantive changes made to the paper are checked by our editor. This certificate may be verified through the contact details below.
