*Editorial Office*  
*World Journal of Clinical Oncology*

Dear Editor,

We should like to submit the enclosed paper for publication as a Review in the World Journal of Clinical Oncology.

We guarantee that the quality of English in all documents of the manuscript “**Title: Second-line treatments for advanced gastric cancer: interpreting outcomes by network meta-analysis**” meets Grade A and the standards required by the international publishing industry.

We are looking forward to receiving your editorial evaluation.

Thank you for your kind attention.

Sincerely,

Dr. Andrea Messori, PharmD

Dear Dr. Messori,

Thank you very much for conducting a peer review of the manuscript submitted to World Journal of Meta-Analysis. We have received your review comments (ESPS Manuscript NO: 7546). You are welcome to continue participating in peer review of manuscripts submitted to World Journal of Meta-Analysis in future.

Your review comments are the basis on which our decision to accept or reject a manuscript is made. All peer-reviewers are acknowledged on Express Submission and Peer-review System (ESPS) website.

You can index your review ranks, records and names after clicking the link at <http://www.wjgnet.com/ESPS/highlyInfluentialPeerReviewers.aspx>.

**You are also welcome to submit your high-quality original articles to World series journals published by Baishideng Publishing Group (BPG). Given that you are an important member of the ESPS, we will not charge you the publication fee for "review articles" accepted by BPG's journals. Please indicate Number ID: 00036837 in the cover letter. If you want to create Scientists blogs in ESPS, please contact us via e-mail: [j.l.wang@wjgnet.com](mailto:j.l.wang@wjgnet.com).**

BPG adopts the open-access and peer-review publishing model. Our goals are to maximize the benefits to readers, authors and editors, and to provide an open platform for exchanging research findings among scientists as well as for exhibiting the latest scientific knowledge acquired by the public. Our journals cover a wide range of topics including virology, medical imaging, infectious diseases, otorhinolaryngology, rheumatology, obstetrics and gynecology, respiratory, psychiatry, neurology, anesthesiology, urology, immunology, diabetes, dermatology, biochemistry and molecular biology, surgery, critical care medicine, gastroenterology and hepatology, pediatrics, cardiology, hematology, dentistry and stomatology, ophthalmology, pharmacology, experimental medicine, transplantation, medical genetics, orthopedics, oncology, translational medicine, nephrology, and methodology.

Thanks again for actively reviewing our manuscripts!

If you have any questions, please feel free to contact us via e-mail: [esps@wjgnet.com](mailto:esps@wjgnet.com)

Best regards,

Lian-Sheng Ma, President and Company Editor-in-Chief
