Principle Investigator: Mazen Naga, Professor of Internal medicine, Cairo University

The committee decision: Approval

Dear professor Mazen Naga,

On behalf of the research ethics committee of the department of Internal medicine, I am pleased to inform you that the committee reviewed and approved the study protocol and supporting documentation. Any subsequent changes to approved protocol must be submitted to the Committee first. As a PI you should notify the ethics committee of any serious adverse events which occur during the project.

Yours sincerely

Chairman of the Committee
Gaafar Ragab, MD
