**RE: ROLE OF MATRIX METALLOPROTEINASES IN CHOLESTASIS DURING
HEPATIC ISCHEMIA/REPERFUSION INJURY**

The undersigned Full Professor in English Linguistics, and former Associate Professor of English at the Faculty of Medicine, the University of Pavia, has read through, and revised, the English phraseology and terminology in the above article in keeping with the standards required by native speakers of English.

Yours sincerely,

Anthony Baldry, M.A. (Cantab.)
