

Dear Editor and dear Reviewers,

- The article was substantially shortened as you request.
- The technical aspect were deleted.
- We prefer to not transform the review in a systematic review but maintaining the format of a comprehensive review, then tables were not added. The title was thus modified in "OUTCOME OF STENTING IN BILIARY AND PANCREATIC BENIGN AND MALIGNANT DISEASE".
- The manuscript was corrected by a native English speaker.

I hope manuscript will be now accepted in its present form.

The ID number you gave me is: **00047092**.

Sincerely

Benedetto Mangiavillano
