World Journal of Gastroenterology

Dear Editors:

I have submitted the following original research article entitled:

Serum 25(OH)D3 and 24,25(OH)2D3 do not Correlate With Liver Fibrosis in Chinese Interferon-naïve Patients with Chronic Hepatitis C

On behalf of all co-authors in this manuscript, I am writing this letter to certify that this article has not been previously published. All authors have read and approved the manuscript. No benefits in any form have been received or will be received from a commercial party related directly or indirectly to the subject of this article.

Sincerely,

Su Jun Zheng
