

ANSWERING REVIEWERS

May 30, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 909795-review.doc).

Title: Current medical treatment of estrogen receptor-positive breast cancer

Authors: Franco Lumachi, Davide A. Santeufemia, Stefano M.M. Basso

Name of Journal: *World Journal of Biological Chemistry*

ESPS Manuscript NO: 18703

The manuscript has been improved according to the suggestions of reviewers:

Reviewer 1:

Thank you for your comment and suggestions. The manuscript was in part rewrite and the new or changed text is highlighted in yellow.

1 & 2: I have enclosed at the end of the text two new paragraphs entitled "Metastatic breast cancer" and "Adverse effects" respectively.

3, 4 and 5: I have changed the text according to your suggestions.

Reviewer 2 (02445456):

Thank you for your comment and suggestions. The manuscript was in part rewrite and the new or changed text is highlighted in yellow. In relation to new therapies, please note that there is an entire paragraph that talks about it and that in the Reference section the articles of 2015 and 2014 are 10 (# 2, 3, 27, 48, 51, 58, 59, 60, 61, 64) and 14 (# 8, 14, 15, 16, 29, 30, 31, 40, 42, 43, 63, 69), respectively. No other new therapies are reported in the literature until May 2015.

Reviewer 3 (00504611):

Thank you for your comment suggestions. The manuscript was in part rewrite and the new or changed text is highlighted in yellow. In particular, I have changed all the incorrect word or sentence

References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Biological Chemistry*.

Sincerely yours,

A handwritten signature in blue ink, appearing to read 'Franco Lumachi'.
