

9/1/2015

To whom it may concern:

The purpose of this letter is to verify that eWorldEditing, Inc. provided the editing services for the following manuscript:

Is an open biopsy forceps method more accurate than visualization for the measurement of colon polyp size?

Corresponding Author: Su Seun Ja Park, Division of Gastroenterology, Department of Internal Medicine, Kosin University College of Medicine, South Korea.

The edited document was returned to the writer on 12-11-2014. We are unaware of any changes or additions made to the manuscript after that time.

Sincerely,

Jerry Nairns  
eWorldEditing, Inc.
