

Conflict-of-interest statement

All authors declare that there are no conflicting interests (commercial, personal, political, intellectual, religious or otherwise) that are related to the work as submitted and revised, or would affect its publication.

Please note that all authors have signed the copyright transfer agreement, which includes specifically

3 That the author(s) has (have) no conflict of interest related to the manuscript.

The signed copyright transfer agreement is already included as one of the attached files that accompany the revised manuscript.

Please note also that the above statement has been included as part of the revised manuscript itself in its title page.

Pedro Xavier-Elsas, MD, PhD
