## Not Human Subject Research

05-Dec-2014

**Investigator:** Sajal Pokharel  
**Sponsor(s):**  
**Subject:** COMIRB Protocol 14-2233 Initial Application  
**Effective Date:** 04-Dec-2014  
**Title:** Unusual presentation of a pancreatic cyst resulting from osteosarcoma metastasis

**Submission ID:** APP001-1

---

### SUBMISSION DESCRIPTION:

Initial Not Human Subjects Research Application

---

**Your project submitted to COMIRB under protocol number 14-2233 has been reviewed and our determination is that it is NOT HUMAN SUBJECT RESEARCH as defined by our policies in accordance with OHRP and FDA regulations.**

Therefore, you may proceed with the project strictly following the protocol as submitted and reviewed by COMIRB in submission APP001-1. No continuing review of the project will be required; however, you must resubmit the protocol to COMIRB for approval if any substantive changes are made to the protocol in question.

Any questions regarding the COMIRB action of this study should be referred to the COMIRB staff at 303-724-1055 or [COMIRB@ucdenver.edu](mailto:COMIRB@ucdenver.edu)

Please carefully review the REVIEW DETAILS section below because it may include important information from the reviewer (s) and COMIRB staff.

COMIRB stamps the reviewed versions of documents in the top right hand corner. Stamped copies of documents are available for download through COMIRB's electronic submission website, eRA(InfoEd).
