RE: Cost Benefit Analysis of the Use of Tranexamic Acid in Primary Lower Limb Arthroplasty: A retrospective cohort study

To whom it may concern,

With respect of the above manuscript, I have reviewed and approve of the epidemiological and statistical methods employed by the authors in the conduct and reporting of this research.

If you have any further queries, please do not hesitate to contact me.

Yours sincerely,

Dr. Rose Galvin, BSc Physio, PG Dip (Statistics), PhD
