

Name of Journal: World Journal of Orthopaedics

ESPS Manuscript NO: 20082

Reviewer 1: Thank you for inviting me to review this manuscript. The paper is well written and the proposed contents are relevant, original and within the scope of the journal. I congratulate the authors for the editorial.

Nil to revise.

Reviewer 2: Need to rewrite the references and for each one write at least three names then you can use et al. Some of references only have one author name.

This has been performed as requested with the references formatted as per the Guidelines and Requirements for Manuscript Revision - Editorial.
