Author ID: 00646536

Dear Editor:

The paper, entitled "The challenge of the translational neuroscience" presented as a candidate for publication as a editorial article for World Journal of Neurology was evaluated for the institutional committee.

In reference to the editorial article is given evidence that has been evaluated by Bioethics commission and the institutional editorial board, concluding that it is viable for publish because it is an editorial article, which does not represent conflicts of interest or clinical trial experimental in humans or animals.

With Kind regards.
