Dear Editor

As a linguistic expert at the University of Catania, Italy, I have often been asked to correct manuscripts for publication. I have been doing this now for more than 25 years working especially in the fields of medicine, physics, and bio-medical sciences with manuscripts published in more than 120 international journals.

I hereby certify that the files listed above have been edited for English language, grammar, punctuation, spelling, and overall style. Neither the research content nor the authors' intentions were altered in any way during the editing process. These documents should be English-ready for publication and of Grade A.

Copies of the above mentioned edited files are in my possession; should any further information concerning them or the editing process be needed, please contact me by email citing the certification number.
