To,
The Chief Editor,
WJGE

Systematic review on the prophylactic role of non-steroidal anti-inflammatory drugs to prevent post-ERCP pancreatitis. Manuscript: 20526

Data sharing statement

Dear Sir,

We confirm that all authors were involved with the data extraction, data related conflict resolution by mutual consensus and data securing. This data is the sole property of the listed authors and we did not share this data with any other research team and we did not duplicate this data in any other article. Thank you very much for accepting our article for publication

Sincerely,

Mr. MS Sajid
