## To whom it may concern

This letter confirms that the manuscript specified below has been duly edited by me, Paul W. Baker, to ensure its clarity and the orthographic and syntactic correctness of the English language used within it. No changes to the research content were made in any way.

*Title of manuscript:*

**Animal models for PTSD: an overview of models used in research**

*Authors of manuscript:*

**Bart Borghans and Judith R. Homberg**

A handwritten signature in black ink, appearing to read 'P. W. Baker', with a horizontal line underneath.
