**Comment 1: A conflict-of-interest statement is required for all article and study types.**

We inserted “**Conflict-of-interest statement:** Authors declare no conflicts of interests for this article.” on the title page of the revised manuscript and have also sent a copy of the signed statement to the BPG in PDF format.

**Comment 2: Please offer the audio core tip...**

First author Sherri Rennoll recorded the audio core tip and this file was included in the resubmitted article online.

**Comment 3: Would you please provide the decomposable table, whose parts are movable and words can be edited?**

We provided both the adobe illustrator files and a pdf version of the table in the resubmitted manuscript.
