

September 13, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 20687-Review.docx).

Title:FAECAL INCONTINENCE: CURRENT KNOWLEDGES AND PERSPECTIVES

Author: Alban Benezech, Michel Bouvier and Veronique Vitton

Name of Journal:*World Journal of Gastrointestinal Pathophysiology*

ESPS Manuscript NO: 20687

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) To give an overview of the different aetiologies of fecal incontinence, they were summarized in a table (table 1).

(2) When published data were available, efficacy of each therapeutic modality has been given in percentage.

(3) In order to identify the level of scientific evidence of each current treatment (according to French High Authority of Health) a table has been added (table 2).

(4) An algorithm has been created to describe our therapeutic approach in faecal incontinence, including the most common special cases.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastrointestinal Pathophysiology*

Sincerely yours,

Pr Veronique VITTON

A handwritten signature in blue ink, appearing to read 'Veronique Vitton', with a large, sweeping flourish above the name.
