Title: Is verumontanum resection needed in TURP?

Author: Evangelos Mazaris

Name of Journal: *World Journal of Clinical Urology*

ESPS Manuscript NO: 2079

The manuscript has been improved according to the suggestions of reviewers/scientific editor:

1 Format has been updated

2 References could not be increased in number since there is no other publication in the literature. If this is against the editorial office's requirements could it be considered as 'letter to the Editor'?

Thank you again for publishing our manuscript in the *World Journal of Clinical Urology*.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Evangelos Mazaris', with a horizontal line underneath.
