Object: Revision of the manuscript « Hepatitis C virus infection: are there still specific problems with genotype 3? »

To whom it may concern,

I undersigned certify that I have revised the scientific manuscript “**Hepatitis C virus infection: are there still specific problems with genotype 3?**” by Gondeau C *et al.* (ESPS **Manuscript NO: 21103**).

My revision focused mainly on:

- correction of the language (USA spelling)
- editing of the manuscript to improve the readability and to meet the requirement of *World Journal of Gastroenterology* (Grade A).

Sincerely,

Elisabetta Andermarcher MD, PhD (Cantab)
