

August 6th, 2015

Dear Editor,

Thank you for your letter of July 28, 2015 concerning our review. Please, find enclosed the revised version in Word format (file name: 21103-review.doc).

Title: Hepatitis C virus infection: are there still specific problems with genotype 3?

Authors: Claire Gondeau, Georges Philippe Pageaux, Dominique Larrey

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 21103

We have modified the manuscript in accordance with the comments and suggestions of the reviewers and the format has been updated. As non-native speakers, we provide also a language certificate from a native English editor.

Reviewer 02528139:

- 1) Table 1 has been added in order to facilitate data consultation (epidemiology of HCV genotype 3).
- 2) Table 3 has been added in order to facilitate data consultation (treatment efficacy of various DAA treatments).

Reviewer 00503516:

- 1) Table 2 and Table 3 have been added to facilitate the data consultation (corresponding to sections "HCV GENOTYPE 3 AND RESPONSE TO THE STANDARD TREATMENT" and "GENOTYPE 3 IN DAA GOLDEN ERA", respectively).
- 2) Typing mistakes have been corrected. Moreover, spaces before all the references have been suppressed. "**et al.** [ref]" has been corrected in "*et al*[ref]."

Thank you again for accepting to publish our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours

A handwritten signature in black ink, appearing to read 'Claire Gondeau', written diagonally across the page.
