Dear Editor,

**Re: Three-dimensional imaging of the uterus:
the value of the coronal plane**

My co-authors and I are pleased to resubmit our invited review '**Three-Dimensional imaging of the uterus: the value of the coronal plane**' to the World Journal of Radiology.

We appreciate the feedback from the reviewers. We have amended the manuscript to include the editor's comments including

1. A 'conflict of interest statement'
2. An audio core tip, and
3. A decomposable version of Figure 3.

We confirm that all authors have contributed to the manuscript and that this manuscript is not under simultaneous consideration elsewhere and has not been previously published. We declare no conflict of interest.

Yours respectfully,

Prof. Edward ARAUJO JÚNIOR
