To Whom It May Concern:

Please see the revised manuscript entitled "Alcoholism and Critical Illness: A Review". I have made minor grammatical corrections to the original submission, but have not changed any of the content. The peer reviewer did not recommend any specific changes and advised acceptance of the manuscript as is. I am grateful for the opportunity to contribute to the journal.

Sincerely,

A handwritten signature in black ink that reads "Ashish J. Mehta, MD". The signature is written in a cursive, flowing style. The first part of the signature is a stylized "A" followed by "shish J. Mehta", and it ends with "MD".
