Object: Revision of the manuscript « Neoadjuvant therapy for gastroesophageal adenocarcinoma »

To whom it may concern,

I undersigned certify that I have revised the scientific manuscript “Neoadjuvant therapy for gastroesophageal adenocarcinoma” by Emmanuelle Samalin and Marc Ychou.

My revision focused mainly on:

- correction of the language (USA spelling)
- editing of the manuscript to improve the readability and the “take home” message
- adding some comments to improve the readability of the text.
