Answering reviewers

I would like to thank reviewer for the very kind comments (s)he made ("state-of-the-art", "interesting"). I believed I corrected the mistakes and omissions (s)he noticed. More specifically,

TLR term, that might not be known to the majority of the readers, was deleted.

I added one more table with potential biomarkers

Other minor comments, e.g. punctuation, were corrected

I added few more references and I changed the rest so that to conform to the style of the journal. Unfortunately, I could not find doi of a couple of them.

Yours sincerely,

Ioannis Vlastos MD, PhD
