

Dear Editor

Thank you for your constructive feedback by the reviewers on my review article.

Below is a response to all comments.

- 1) I have accepted all grammatical changes requested
- 2) The abstract is now 164 words and the duplication of the message within in removed
- 3) I have included key words, a core tip and an audible core tip as requested

Please find below a copy of the google scholar screen shot. I have attached a copy of the copyright assessment PDF. I believe the conflict of interest statement and open access policy statement is now incorporated into the paper.

Please let me know if you require any further information

Yours sincerely

Tharani Mahesan
