Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 2230-review.doc).

Title: Prevalence and risk factors of methotrexate hepatotoxicity in Asian patients with psoriasis

Author: Chong Meng YEO, Vui Heng CHONG, Ernest ARU, Wei Lyn YANG

Name of Journal: *World Journal of Hepatology*

ESPS Manuscript NO: 2230

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated: Done

2 Revision has been made according to the suggestions of the reviewer

- (1) Title has been truncated to the 12 words limit
- (2) Running title provided
- (3) The Method section in the abstract has been lengthened to the format of the journal to no less than 80 words (Revised 93 words).
- (4) Conclusion section of the Abstract has been truncated to no more than 26 words
- (5) A summary for the Core Tip has been included
- (6) A additional passage has been included in the discussion section to include the reference article as suggested by the reviewer (Barker J, Horn EJ, Lebwohl M, Warren RB, Nast A, Rosenberg W, Smith C; International Psoriasis Council. Assessment and management of methotrexate hepatotoxicity in psoriasis patients: report from a consensus conference to evaluate current practice and identify key questions toward optimizing methotrexate use in the clinic. *J Eur Acad Dermatol Venereol*. 2011; 25:758-64.). This newly added passage has been underlined.
- (7) Additional changes have also been done to take into account the additional number of references added following the format of the journal of not less than 26 references.
- (8) The number of references has been increased to more than 26 (actual number 29 in the revised manuscript).
- (9) The details on patients' comorbid conditions are already included in the result section as suggested by the reviewer (Underlined).
- (10) A sentence on the detail of liver profiles test is included in the result sections (Underlined).

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Hepatology*

Sincerely yours,

Chong Vui Heng
