

Dear editors,

I am an Associate Professor of Medical Physics in the 2nd Department of Radiology at University of Athens in Greece. I received my postgraduate degree (Medical Physics MSc) from University of Surrey at Guildford, UK. I have 78 publications in scientific peer-reviewed international journals, 76 presentations and 8 invited lectures in international congresses. Moreover, I have been chairman of 8 scientific sessions in international conferences. Therefore, I'm fluent in writing and speaking English.

Mrs A. Ploussi has also publications in refereed international journals in the field of Medical Physics as well as presentations in international conferences.

Yours sincerely,

E. P. Efstathopoulos
