

ANSWERING REVIEWERS

March 18, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 2255-revision.doc).

Title: Anatomizing the 'King of Neurosciences'

Author: Ioannis N. Mavridis

Name of Journal: *World Journal of Neurology*

ESPS Manuscript NO: 2255

Revision has been made according to the suggestions of the reviewers:

- (1) I added a diagram of the NA connections.
- (2) I added (2008) after Neto et al.
- (3) Animal experiments presentation is not included in the purposes of this manuscript, which is focused on human gross anatomy. However, I added a relative notice.
- (4) Animal experiments and pharmacological data presentation are not included in the purposes of this manuscript, which is focused on human gross anatomy. However, I added a relative notice.

I would like to thank the reviewers for finding my article interesting as well as for their useful comments.

I would also like to thank them a lot for recommending my article for publication in *World Journal of Neurology*.

Thank you again for publishing my manuscript in the *World Journal of Neurology*.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Ioannis N. Mavridis', with a long horizontal stroke extending to the right.
