Name of Journal: *World Journal of Psychiatry*

ESPS Manuscript NO: 23011

Manuscript Type: Basic Study

Answering reviewers

We have revised the manuscript according to reviewers comments.

In particular:

According to Ref. 1

In the abstract “hrs” has been corrected “hours” Abstract-methods line 2 .

According to Ref 1 and 3 abbreviation FST is described at the first appearance pag. 4 line 15

Ref. 2

We thank very much ref 2 for its comments

Ref. 3

We thank ref 1 for its suggestions that allow us to ameliorate the manuscript

We cite the original paper after “we recently reported” and we add a very recent report on this issue pag. 4 line 17-21.

Abbreviation FST is described at the first appearance pag. 4 line 15.

The references after “Moreover.....” have been inserted pag. 4 line 25

The rationale (with an appropriate reference) of the use of locomotor response to Quinpirole can be found at pag. 5 last line.

For all figure, legends have been corrected according to the reviewer’ suggestion.

We hope that the revised manuscript will be now considered suitable of publication in the W. J. P.

Sincerely

Gino Serra
