CERTIFICATE

To whom it may concern:

I have translated the manuscript entitled "*Understanding the pathogenesis of hip fracture in the elderly. Osteoporotic theory is not reflected in the outcome of prevention programmes*". This translation was performed with all due care and in accordance with the corresponding professional standards.

I am an English-native translator, specialised in scientific texts. I have been resident, as a British citizen, in Granada since 1987. I have a bachelor's degree in Translation and Interpretation from the University of Granada, and have worked (for five years) as a full-time translator-interpreter for the Spanish Foreign Ministry (I am currently on voluntary leave of absence).
