

Dear Editor-in-Chief

We appreciate the kind comments from the reviewers and the recommendation from all for publication of our manuscript. We note that none of the four reviewers have requested further comments or revisions to the manuscript. We acknowledge that the study numbers are small, however this is due to the rarity of cases of fulminant hepatic failure which may be salvaged by transplantation.

We confirm that we have adhered to the guidelines for publication and that the manuscript has not been submitted for review elsewhere.

Yours sincerely

Ms. Rebeca Sanabria Mateos
