

10/2/2016

Dear Reviewers

We thank you for accepting our paper titled “**Significance of functional hepatic resection rate calculated using 3D CT/<sup>99m</sup>Tc-galactosyl human serum albumin single-photon emission computed tomography fusion imaging**”. There are two changes to the revised manuscript as follows.

1. The statement of “Open-Access” was added.
2. The items of “Comments” were added.

We cannot log in to CrossCheck. Now, we are asking the way to log in to CrossCheck to Jing Yu via email. Please wait for the result.

Sincerely,

Yosuke Tsuruga, MD, PhD
