

Name of Journal: *World Journal of Critical Care Medicine*

ESPS Manuscript NO: 25105

Manuscript Type: SYSTEMATIC REVIEW

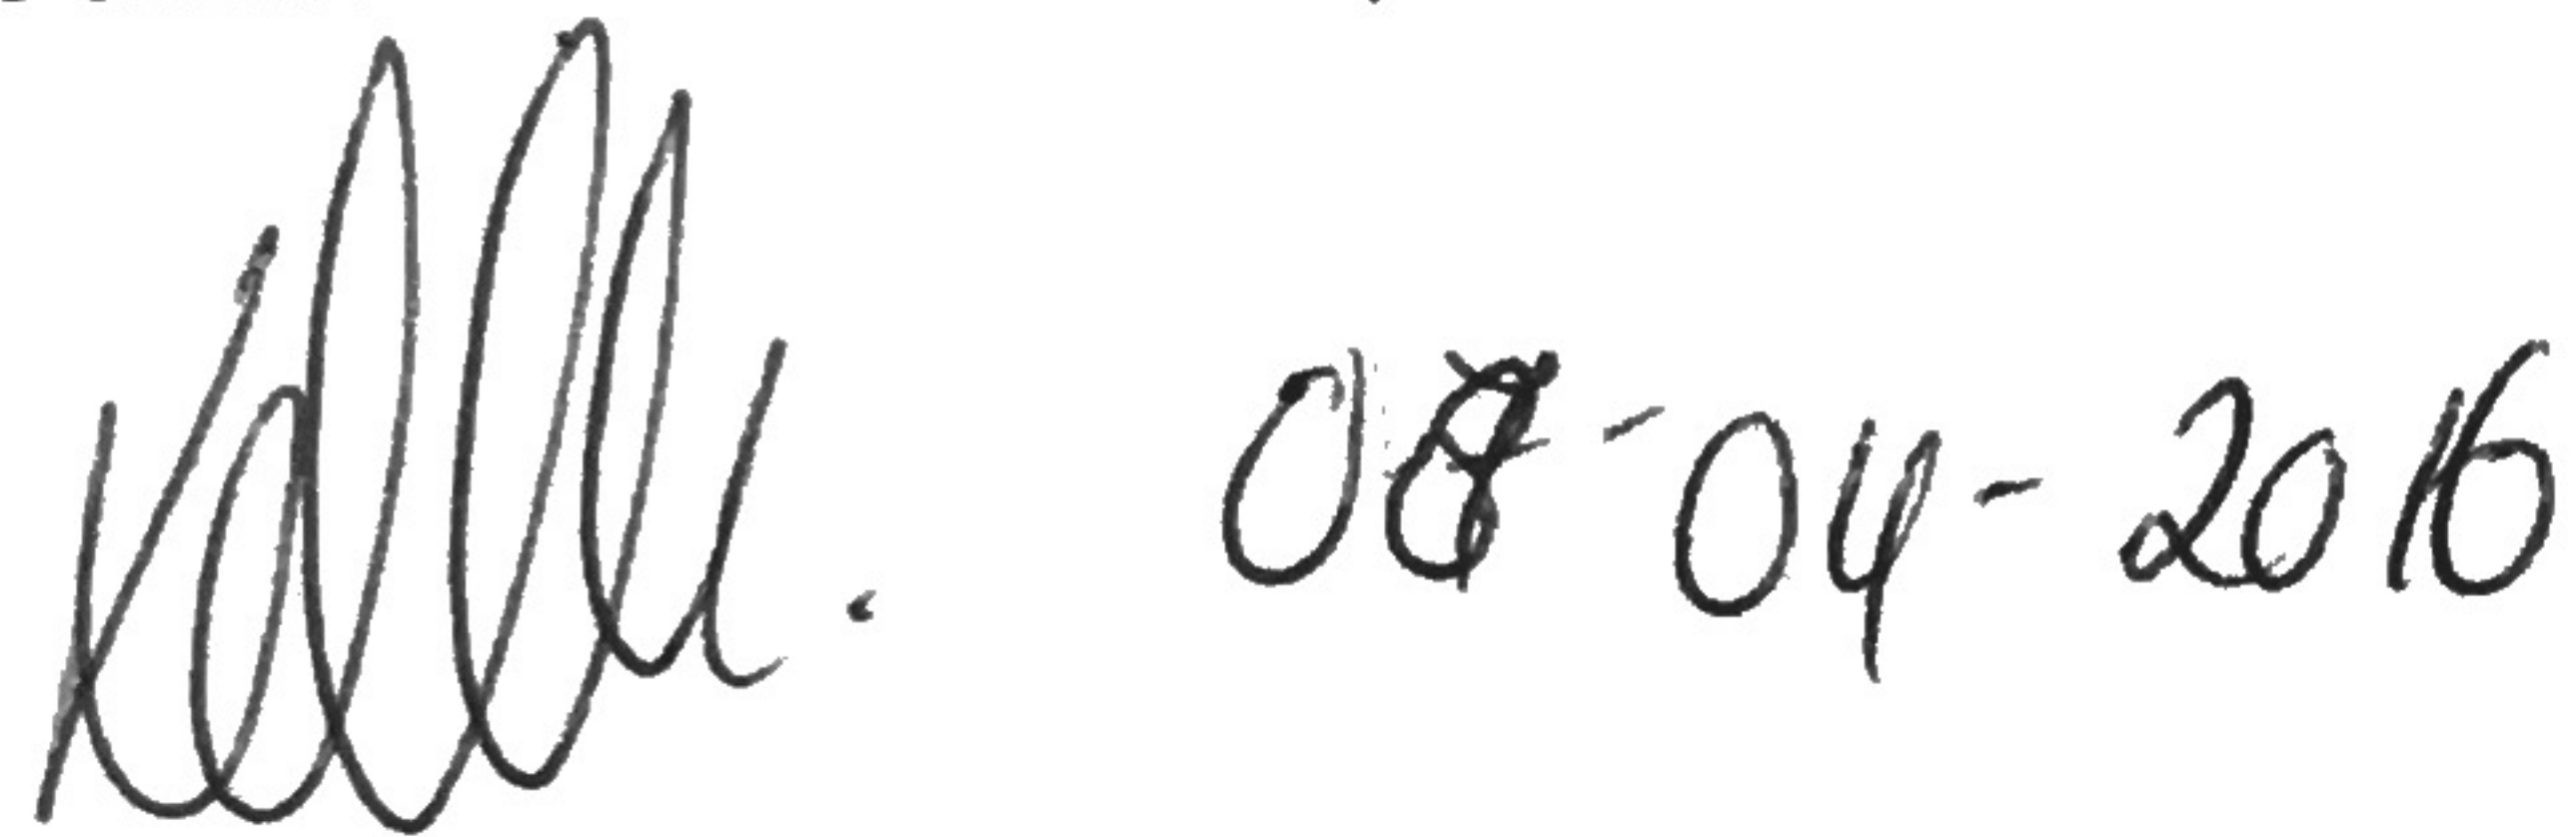

Predictive value of cytokines for developing complications after polytrauma

Biostatistics statement:

This manuscript is a systematic review describing the available literature on this topic. No biostatistical methods were used in our study. For this reason, no biomedical statistician was involved for statistical review.

As requested, we included a statement to this effect in the Materials and Methods section of the manuscript.

On behalf of all authors,

Handwritten signature and date: 08-04-2016
