## INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE STATEMENT

Dr. Duanyong Liu's Projects ('Curcumin Improved Regulatory T Cells in Gut-Associated Lymphoid Tissue in Mice with Experimental Colitis')  
from National Natural Science Foundation of China

Male C57BL/6 mice were originally obtained from the Animal Center of Peking University Health Science Center (The animal certificate number was SCXK 2012-0001)

All animals were housed in a specific pathogen-free environment at the animal facilities (NO.SYXK (Gan) 2005-0001) of Jiangxi University of Traditional Chinese Medicine.

The experimental protocols (JZ2015-016) were approved by Institutional Animal Care and Use Committee (IACUC) of Jiangxi University of Traditional Chinese Medicine (TCM).
