Title: Mechanisms of drug resistance in colon cancer and its therapeutic strategies

Authors: Tao Hu, Zhen Li, Chun-Ying Gao and Chi Hin Cho

Dear Editor,

Co-author Prof. Chi Hin Cho, professor of pharmacology at The Chinese University of Hong Kong, received his under- and post-graduate trainings in English speaking counties and regions including USA, Canada and Hong Kong. Professionally he was the President (2006-2010) and the Chair of Presidential Council (2012-2014) of the Gastrointestinal Pharmacology Section of the International Union of Basic and Clinical Pharmacology. He is also the editorial board member and editor in more than 30 journals in the fields of Gastroenterology and Pharmacology. He published more than 450 peer-reviewed articles in highly rated scientific journals.

Prof. Cho critically reviewed and edited this manuscript to guarantee that the language of the manuscript meets the requirement of publication in a SCI journal.

Sincerely,

Tao Hu, Ph.D.

School of Biomedical Sciences

The Chinese University of Hong Kong
