Title: Role of Akt signaling in resistance to DNA-targeted therapy

By: Abolfazl Avan, Ravi Narayan, Elisa Giovannetti, Godefridus J. Peters

Herewith I declare that, being a native English scientist, that I read the above-mentioned paper. The paper is written in excellent English and does not need any English corrections.

With best regards,

Dr. Richard J. Honeywell

Prof. Dr. H.M.W. Verheul, MD, head
Dr. A.J.M. van den Eertwegh, MD,
deputy head
