This is to certify that I have proofread and made corrections to the manuscript entitled "Transanal endoscopic microsurgery as optimal option in treatment of rare rectal lesions", as requested by one of the authors, Dr. Monica Ortenzi.

I am an English mother-tongue proof-reader of scientific works at the Università Politecnica delle Marche in Ancona, Italy. Although I do not have a very long experience in General Surgery in particular, I can confirm that the above manuscript is correct in English grammar, syntax and style.

A handwritten signature in black ink, appearing to read "Massey".
