Faculty of Health Sciences

Post Graduate Medical Education

Ref No. : RAHP:AKU EA-4/2012
26th April 2012

Dr. Joyce Anyona Sande
Senior Instructor
Radiology
Aga Khan University Hospital, Nairobi

Dear Dr. Sande,

Re: Award of RAHP-AKU e-Mentoring Grant

I take this opportunity to congratulate you for being selected for the award of the RAHP-AKU e-mentoring grants. This is a two year grant that will provide a maximum of \$10,000 to the grantee to cover research work and any other related expenses over a two year period.

This program is made possible through the funding support of the Aga Khan Foundation, United States and the volunteer efforts of health professionals associated with the Remote Access Health Professionals (RAHP) Program of the Aga Khan Health Board (AKHB) USA.

The Program Director will negotiate with your entity heads to determine the actual amount of time you will need to commit to the mentoring program during this period so that the same can be protected from encroachment by other service demands.

Departmental heads and grant recipients will be expected to sign contracts committing to this agreement. Ms Kamanda will be contacting you shortly with more details.

Sincerely,

Dr W.M. Macharia
Program Co-Director
