CERTIFICATE OF PROOFREADING

Certificate date: 2nd June 2016

Issued to: Prof. Simona Gurzu

This certificate is provided as confirmation that the paper titled 'Tuberculosis terminal ileitis: a forgotten entity mimicking Crohn's disease. A case-based systematic review' by the author(s) has been proofread by **English Proofread**. The final word count after proofreading is 2,205.

Neither the research content nor the intentions of the author(s) were altered in any way during the proofreading process.

English Proofread guarantees the quality of the English language in this paper, provided our proofreader's changes are accepted and no further changes were made after the document was checked by our proofreader.

Please address any queries to contact@englishproofread.com or to view our services, please go to <http://www.englishproofread.com/international-academics/>.

Please note that **English Proofread** does not guarantee in any way acceptance of a document by any journal or institution, and that **English Proofread** does not comment on or take responsibility for the academic accuracy of a document, either before or after proofreading.
