

RE: Manuscript entitled " The 'meniscal' scar as a landmark for the joint line in revision total knee replacement"

Biostatistics: *A comment to this effect has been added in the Method Section*

A handwritten signature in black ink, appearing to read 'Wasim S. Khan', followed by a long, sweeping horizontal line that extends to the right.

Wasim S. Khan MBChB, MSc, MRCS, FRCS (Tr&Orth), PhD

Clinical Lecturer

University College London Institute for Orthopaedics and Musculoskeletal Sciences

Royal National Orthopaedic Hospital

Stanmore, HA7 4LP, United Kingdom
