Minor revision:Comments to the Authors:1. The authors should add the results of IC50 in the Results section not in the Method section. 2. The P-values could be shown by different letters in the Tables.3. The resolution of figures should be enhanced.

1. The authors should add the results of IC50 in the Results section not in the Method section.

Answer: The item has been modified according to the suggestion.

2. The P-values could be shown by different letters in the Tables.

Answer:P-value based on SNK test between groups automatically express in form of  $> 0.05$  or  $< 0.05$  without different letters.

3. The resolution of figures should be enhanced.

Answer: We have done it.
