Brescia, 28/05/2016

Hereby we state that, regarding the case report presented in the manuscript "Tooth loss caused by displaced elastic during simple preprosthetic orthodontic treatment" submitted for publication to the "World Journal of Clinical Cases", we obtained the appropriate patient consent form. In the form the patient gave his consent for his images and other clinical information to be reported in the journal. The patient understands that his name and initials will not be published, and his anonymity will be guaranteed.

Brescia, 28/05/2016

Hereby we state that, regarding the case report presented in the manuscript "Tooth loss caused by displaced elastic during simple preprosthetic orthodontic treatment" submitted for publication to the "World Journal of Clinical Cases", we do not have no conflicting interests.
